

To supporters of clean water projects,

Following the recent OK Clean Water Project Newsletter dated September 2019, both the Ryan's Well Foundation and OK Clean Water Project would like to inform you that 2019 is the last year of fundraising for OK Clean Water Project. Our organizations wish to extend our gratitude for your support of clean water initiatives. With your help, OK Clean Water Project has managed to make an incredible impact in Cameroon, Central Africa. Since its inception in 2003, the charity has supported over 210,000 people in sixty rural villages by providing safe water sources and WASH training programs.

As the OK Clean Water Project newsletter (referred to above) indicates, funding, directed towards sustainability of the completed village projects, will continue until 2020, with donations being collected until December 2019. The Cameroonian partners will hopefully be able, in the future, to select new projects and raise funds on their own through their local fundraising efforts. These partners understand that there is a two-year window (2019 and 2020) to support the transition. All your generous contributions already received and new donations in 2019 are planned to be disbursed to the Cameroon partners this year and over 2020. Because of the civil unrest in Cameroon, the disbursement timing will be coordinated with the association team and the Sisters of CND who have assumed Sr.Cathy's role. The anticipated termination of the Project as a registered charity in Canada is by the end of 2020.

Again, on behalf of both Ryan's Well Foundation and OK Clean Water Project, we wish to thank all of you for your loyal generosity. In 2020 and years later, if you wish to continue to support water projects, OK Clean Water Project recommends directing your donations to Ryan's Well Foundation. It is a Canadian organization providing effective and sustainable solutions to the water crisis in the poorest regions of the world's developing countries.

Sincerely,

Carmel Horan
President,
OK Clean Water Project

Ryan
Executive Director,
Ryan's Well Foundation
